Profile

Final-year B.Tech ⊘ CSE student with a strong interest in Data Analytics and Data Science. Skilled in Python, SQL, and data visualization, passionate about solving real-world problems through data-driven insights.

Skills

- Python (Pandas, NumPy, Matplotlib, Seaborn)
- SQL (Queries, Joins, Data Handling)
- Data Cleaning & Preprocessing
- Exploratory Data Analysis (EDA)
- Data Visualization (Matplotlib, Seaborn, Excel)
- Machine Learning (Basics: Linear & Logistic Regression)
- Git & GitHub
- Jupyter Notebook, Google Colab, VS Code

Interests

- Traveling
- Music
- Photography
- Designing

Declaration

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief

Ammu P Manoj Mansa ,Punjab

Professional Experience

Data Analytics internship

06/2025 - 08/2025 | NIELIT Ropar

Data Analytics Intern NIELIT Ropar

- Worked on data cleaning, processing, and visualization using tools like Python, Pandas, NumPy, and Matplotlib.
- Assisted in analyzing datasets to extract meaningful business insights.
- Gained hands-on experience in **SQL queries** and **data- driven problem solving**.
- Collaborated with mentors on **mini projects** to apply theoretical concepts in real-world scenarios.

Languages

- Malayalam (Mother Tongue)
- Hindi (Fluent)
- English (Fluent)
- Tamil (Conversational)

Projects

- Social Media Ad Click Prediction (Logistic Regression, Python)
- Music Recommendation System (Python, ML basics)
- Data Analytics Internship NIELIT Ropar (Python, SQL, Visualization)
- Titanic Dataset EDA (Pandas, Seaborn, Matplotlib)
- Sales Data Dashboard (Excel, Python)
